

ANANYA GUPTA

FULL STACK DEVELOPER | MCA STUDENT

ananyagupta18032005@gmail.com | Kanpur, Uttar Pradesh | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Motivated and dedicated Full Stack Developer currently pursuing Master of Computer Applications (MCA), with a strong foundation in web development built during BCA. Experienced in developing and maintaining web applications at Analysis Software Services using PHP, Laravel, MySQL, and modern frontend frameworks. Passionate about backend engineering, database optimization, and continuously improving skills to build scalable, high-performance web systems.

WORK EXPERIENCE

Analysis Software Services — Part-Time Web Developer (Coder) June 2026 – Present

- Developed and maintained full-stack web applications utilizing Laravel, PHP, and MySQL database architectures.
- Engineered real-time application modules including dynamic form validation, efficient database CRUD operations, and seamless frontend UI integration.
- Performed root-cause debugging, resolved code logic issues, and optimized MySQL queries to improve overall application performance and responsiveness.
- Collaborated with senior developer teams to enhance existing codebase features and deploy user-facing web updates.

EDUCATION

Master of Computer Applications (MCA) — Dr. Virendra Swarup Institute of Computer Studies 2026 – 2028

Bachelor of Computer Applications (BCA) — Dr. Virendra Swarup Institute of Computer Studies 2023 – 2026

Intermediate - Class XII — Maharishi Vidya Mandir 2023

High School - Class X — Maharishi Vidya Mandir 2021

TECHNICAL SKILLS

Programming Languages: PHP, JavaScript, Node.js, Python, HTML5, CSS3

Frameworks & Libraries: Laravel, Bootstrap 4, Tailwind CSS

Databases & Web Tech: MySQL, RESTful APIs, JSON, Relational Database Design

Developer Tools: VS Code, Git, GitHub Workspace

Core Concepts: OOP Architecture, Database Normalization, Application Debugging, Web Security Basics

PROJECTS

Hotel Management System | Laravel, MySQL, Bootstrap

- Architected dynamic full-stack modules for room reservations, customer booking workflows, and hotel administrative operations.
- Designed robust MySQL database tables with structured foreign key relationships for accurate room availability tracking.
- Built clean, mobile-responsive user interfaces using Bootstrap and Laravel Blade templating engine.

Personal Web Portfolio | React.js, Tailwind CSS, JavaScript

- Designed and deployed an interactive developer portfolio website highlighting technical skill sets, project repositories, and contact info.
- Implemented dynamic rendering components, custom CSS layouts, and optimized image assets for high performance across desktop and mobile devices.
